

CFDA # 84.377A

Tydings Waiver Request

The Idaho State Department of Education (ISDE) is requesting a carryover of FY14 section 1003(g) School Improvement Grant (SIG) funds of the Elementary and Secondary Education Act of 1965 (ESEA) as amended. The carryover of FY14 funds will allow Idaho's grant application to be aligned with amendments made to the ESEA Waiver.

Idaho's intent is to combine FY14 SIG funds with FY15 SIG funds in order to conduct a new awards competition in early 2016. ISDE's plan is to make funds available to LEAs for up to five years, with an ending date of 9.30.2020. Idaho will not obligate or draw down any FY2014 SIG funds until it receives approval of its FY2015 SIG application and will require each LEA receiving FY2014 funds to expend them in accordance with the final requirements of the SIG program.

You are invited to provide public comment and questions through September 18, 2015 to Tyson Carter, School Improvement/Educator Effectiveness Coordinator, at tcarter@sde.idaho.gov
